CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

NSSR's Arts and Science College Chousala is affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad and follow the curriculum prescribed by the university. Curricular aspects of the courses taught at our college are governed by University guidelines. Along with the vision and goals of college the effective implementation of the curriculum are kept in mind. The vision and mission of the college are corroborated with the objectives of the society and reflects the commitment of the Institute towards holistic development of the students and inculcating the social and human values in them through academic, co-curricular and socially meaningful activities. The college vision, mission and objectives are communicated to all stakeholders through college and admission prospectus. For effective implementation of the curriculum, the college has formed Time Table Committee which prepares college time table every year and communicated to the students and faculty. After the declaration of the university calendar every department prepares the annual plan of teaching of the department and accordingly the syllabus is taught. The departments allocate subjects to teachers

and prepare time table. The teaching plan is prepared by respective teachers and departments. The teaching, learning and evaluation schedules are carried out as per the Academic calendar notified by the University. The college has well qualified, dedicated and experienced faculty. Departmental sub-committees hold meetings at the end of semesters to discuss and plan in advance the execution of courses in the subsequent semester. Various course delivery methods are followed by the faculty such as, Lectures, Class presentations, Tutorials, Practical labs . The college adopt numerous policies for bridging the knowledge gap of the enrolled 'weak' students to enable them to cope with the programmes and their problems. This includes scholarships, mentorship, tutorials and remedial teaching classes. The entire approach is student centric. The college has a practice of inviting external experts for various projects, practical and theory evaluations with the view to ensure quality of education, and objectivity in the teaching-learning processes. The Internal assessment which consists of internal tests, projects and assignments are conducted to evaluate the performance of students. Continuous review of the progress of syllabus completion , performance of the students are done on regular basis. The final Internal Assessment of the students is uploaded and submitted to the University in timely manner . The college infrastructure and facilities are continuously being upgraded to suit the needs of changing curriculum . The college has laboratories and classrooms with projection facilities for both faculty and students. The college library is partially computerized that offers various web based facilities and access to National and International online databases. The college has computer labs with Internet connectivity throughout the college campus available for the staff and students. The college has a Mentoring System which try to understand the personal emotional issues of the students and give them proper suggestions and guidance and try to support the students. For continuous development our college seeks feedback from various stakeholders that help us to understand our lacuna and to overcome it.

Our college is affiliated to Dr. Babasaheb Ambedkar Marathwada University Aurangabad and is guided by the regulations of the university regarding syllabus, examination and evaluation. Recently the university has stopped the internal evaluation and the marks assigned for the university examinations. But the college has its own internal evaluation system. In the beginning of the academic years students are informed by their concerned teachers about the internal assessment process carried out by the college. The various departments of the college make in advance the tentative program of every semester of the internal assessment activities. All departments conduct class tests and give home assignments to the students. The result is communicated and the students are instructed regarding their weak aspect of the learning. Many departments arrange class seminars as part of the internal evaluation. Students performance in the departmental activities like tests, tutorial, seminars are part of the internal evolution process of the college. There is transparency in evaluations. The student can get a photocopy of the assessed answer book after the declaration of the result through proper channel of university procedure.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Our NSSRS Arts and Science College Chousala Tq Dist Beed is affiliated college to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. Being affiliated college we follow the crriculum designed by the university. The concerned Board of the Study frames the POs and COs.The POS and the COs are displayed and uploaded on the college website.Course Outcomes generally we decide by reviewing the annual results of the university.

The academic result indicates the program and course outcomes. The results are discussed with the heads of departments by IQAC where-in student success rate is calculated which is treated as program outcome. In-detail interpretation of the result helps to further

planning for the improvement so as to increase program/ course outcome rate. This is also helpful for improvising the teaching learning processes. This data is helpful for the understanding of the areas of academic weakness of students. After analysis and interpretation, counseling the students for improvement is taken place. This mechanism helps the students and makes the teaching learning process student centric. Extra lectures are arranged for weak and advanced learners. For advanced learners updated subject and research based knowledge is provided by the teachers.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practices

Practice 1 :

Title of the Practice: Blood Donation Camp

Context:

The year 2020-2021 was year of panic Covid -19 Pandemic. In the history of the man this event will be noted and will not be ever forgotten by many generation. The global human life was disrupted and collapsed. Lakhs of people died and many were in need of blood and medicine for survival. In this situation Blood was urgent requirement in all counties. In India the situation was worst. In Maharashtra the Chief Minister appealed to the citizens for donating blood.

Practice/Purpose

1. To make blood available to the needy in Covid-19 Pandemic situation.
2. To create awareness of Blood Donation among the students and the society around.

Evidence of Success:

Every year our college organizes Blood Donation Camp in association with PHC Chousala . This year also the college organized a blood donation camp. The NSS volunteers, some college employees and other volunteers from the village donated blood. Twenty Blood Donors have donated Blood in this camp organized on 10-12-2020 at PHC Chousala.

Problem Encountered and Resources Required:

- Limited awareness among the society regarding blood donation

Best Practice 2:

Title of the best practice: Helping to the Victims of Suicidal Farmer Families

Context:

Our college is in a rural area. Most of the college students are from rural areas. The main occupation of the parents of these students is agriculture. Agriculture is a business dependent on rainfall. The entire Beed district falls in the drought prone area. Due to frequent drought conditions, the income of farmers is very low. Due to natural calamities like drought, barrenness, excessive rains, hailstorms as well as indebtedness, low prices of agricultural commodities etc. The reason is that today it is time for farmers to commit suicide. Farmers are committing suicide in Beed district and taluka. This matter is serious and considerable. The farmer who provides us with food is committing suicide. So we have to do something about it. With this in mind, the college's National Service Scheme is working to help the suicidal farmer family in Beed Taluka, especially in the college vicinity.

Practice/Purpose:

1. To create awareness of social situation in students.
2. To know the problems of the suicidal farmer family.
3. To try to solve the problems of the suicidal farmer family.
4. Rally to help the suicidal farmer family.
5. To arrange free education in college for the children of suicidal farmers.

Evidence of Success

Tasks: Social issues are discussed through the college's national service plan. The issue of farmer suicides is also discussed. The message that farmers should not commit suicide is conveyed to the villages through the Rashtriya Seva Yojana Swayamsevak. Awareness on this issue is created in this adopted village through a special camp of Rashtriya Seva Yojana. Special lectures are organized for this. Inspired by this discussion, the students voluntarily organize a help round every year to help the suicidal farmer family.

Every year our college arranges rally to make awareness of this issue and for collecting assistance fund from nearby merchants businessmen and social workers but this year due to Corona-19 Pandemic situation the college did not participate college students. Only the employees of the college donated the assistance fund of Rs 14000. With this donated amount the college purchased a Floor Mill and it is donated to the victims of the suicidal farmers from Roulasgaon Tq dist Beed.

Attempts are made to boost the morale of the family members of the suicidal farmers by giving them mental support. They provide

information and guidance on crop planning, modern seeds, fertilizers, government schemes.

Problem Encountered and Resources Required:

- No sensitiveness of society towards the issue farmer's suicide
- More financial assistance is required for rehabilitation of the victims of suicidal families.
- Govt. should frame policy to tackle the issue of Farmers Suicide.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Our institution NSSR's Arts and Science College Chousala Dist Beed has been founded by the visionary women mass leader Late Mrs. Kesharbai Khirsagar with a mission of betterment of the rural area of Beed district. Beed District is known in Maharashtra as provider of sugar cane cutter/ laborer to the other region of Maharashtra. Majority of our college students are from either laborer or farmers community. This can be identified as our distinctiveness. The student communities being from economically weakest section are unable to reach the metro cities for education. Our institution makes education available to them. The founders of our Institution are politicians and social workers. The employees associated with the institute remain politically and socially active. Our teaching and non teaching community remains always in touch with the society and student community with the academic and non academic issues. Our employees approach nearby society for informing them various government schemes made for the development for farmers and economically weaker section of the society which directly and indirectly benefits the founders of the institution for their political career. The founders of our institution play a vital role in inspiring the rural youth. As result rural young community remain active in politics and many of them make their career in politics and social service. Our college is located in clean and fresh open

area which proves beneficial to the physical and mental health of employees and students. It remains full of natural light and natural cooling air almost throughout the year that reduces our electricity use for light and cooling.
