Department of English
Annual Report (2021-2022)

The Department of English is the largest Department in the college. I am very much pleased to inform that in the academic year 2021-2022 the department of English has conducted various activities for the students of the college. These activities were conducted for the students of all the faculties as English is compulsory for all the streams.

The Department aims at the overall development of English language skills of the students. As English is the need of the hour, throughout the year apart from the teaching of the syllabus, the Department has focused on all the important skills of the language. The emphasis was laid on reading, speaking, writing and particularly on the sentence construction of English language. The students were taught these things in a simpler way. It began with one word complete sentence. This created an interest among the students. The other parts of importance were the uses of preposition, uses of tenses, synthesis of sentences, sentence transformation, etc.

The interesting activities for the practice of English language, which were conducted during the year were newspaper reading, story-telling, poetry recitation and daily communication of the students with one another in English language.

In the academic year 2021-2022 the Head of the Department has worked as the Coordinator of Internal Quality Assurance Cell. The faculty is also working on publishing the book for the use of the students and all the people of the society. The main aim behind this is to make the English language the part of their daily life. The faculty is working actively on various committees of the college with full vigour and enthusiasm. These committees are UGC

committee, NAAC committee, etc.

In the future also the Department will work with the same enthusiasm and vigour for the progress of the students.

Thanking you....
