

Best Practice

Practice :-1 Blood Donation: It is said that blood donation is the best donation. This is such kind of donation which can definitely save the lives of the people who are in dire need of blood. Particularly after the global pandemic of Covid-19 people have become conscious regarding health issues.

Purpose: To make blood available to those who are in dire need of blood. To create awareness regarding blood donation To help the society

Evidence of success :With the cooperation of civil hospital blood bank , Beed the institute organises every year blood donation camp. In the year 2021 22 also the institute organised blood donation camp for the society at village Sakhare Borgaon, TQ. &Dist.Beed.

Problems encountered :Fear among the society related with blood donation. Limited awareness in the society for blood donation.

Practice:-2 Helping to the victims of suicidal farmers It is said that majority of Indian population's occupation is agriculture. In the rural area the main source of employment is agriculture. But due to uncertainty of the monsoon there is uncertainty of production of crop in this sector. As a result the farmers are unable to meet two ends. Hence due to much more poor financial condition the farmers are inclined towards committing suicide. That's why, now a days it is said that Indian farmer is born in debt, lives in debt and dies in debt.

Practice / purpose

To create the awareness among the society regarding the condition of poor farmers. To lend helping hand to the families of farmers who committed suicide. To make such families stand on their own.

Evidence of success: As per every year, in the academic year 2021- 22 also the institution shouldered on its responsibility of helping the family of poor farmer. The institution helped the family of a poor farmer to stand on its own by providing the floor mill. The family chosen of the farmer who committed suicide was from nearby village named Raulasgaon, TQ.&Dist.Beed.

Problems encountered:

In sensitiveness of the society towards the condition of poor farmers. Limited resources. Lack of firm policy of government to avoid the suicides of the farmers. **Resources**

required: Availability of enough finance. Willingness of the government to create firm policy to help the families of suicidal farmers.
